Subject: M6H1 – Harvey Response: List of your Water Systems

Hi Katie,

Omar passed your information on to me regarding the operational status of your water systems. Please reply with a list of your water systems (PWS-IDs are sufficient) so we know which ones to NOT call.

Leticia Deleon of TCEQ can send you a spreadsheet to fill out for all your systems which you can then send back to her.

We appreciate your assistance

Thanks,

Mark McCasland
